TERMS & CONDITIONS OF SALE

These Honeywell terms and conditions of sale ("**Terms and Conditions**") are effective May 5, 2022 (the "**Terms and Conditions Effective Date**"), and supersede all prior versions covering the sale of products and related services (collectively, "**Products**") by Honeywell International Inc.'s Fire Systems, Security Systems and Building Management Systems business units and its affiliates that operate in the country in which the selling Honeywell entity is registered (collectively, "**Honeywell**", "**we**", "**us**", or "**our**"). References to "**Buyer**", "**you**", or "**your**" all pertain to the purchaser of Products. These Terms and Conditions, together with any separate agreement you may have with Honeywell that specifically references these Terms and Conditions (collectively, the "**Agreement**") set forth the entire agreement between the parties relating to your purchase of Honeywell Products. The Agreement may only be modified by an authorized representative of each party in a signed writing.

1. ORDERS. Orders (including any revised and follow-on orders) (each, an "**Order**") for Honeywell Products are non-cancelable except as expressly set forth herein and will be governed by the terms of the Agreement. Every Order must include:

- a. Order number;
- b. Buyer's legal name and address;
- c. Addresses for shipping and invoicing, if different;
- d. List of Products and quantities for each different type of Product;
- e. Price per Product (in the relevant currency); and
- f. Buyer's approved payment terms.

All Orders are subject to acceptance or rejection by Honeywell. Honeywell's acknowledgment of receipt of an order shall not constitute acceptance of such order, and an Order is deemed to be accepted upon the earlier of (i) Honeywell's written acceptance or (ii) shipment of the Products specified in the Order.

Honeywell's sale of Products is expressly limited to the terms herein, save any changes that the parties explicitly agree to in any separate written agreement signed by the parties' authorized representatives. Any conflicting, additional, and/or different terms or conditions on Buyer's Order or any other instrument, agreement, or understanding are deemed to be material alterations and are rejected and not binding upon Honeywell. Honeywell's acceptance of Buyer's Order is expressly conditioned upon Buyer's assent to the terms and conditions contained herein in their entirety. Buyer's acceptance of delivery from Honeywell constitutes Buyer's acceptance of these terms and conditions in their entirety. A valid Order number is required before processing; any Order received without one will be returned to the Buyer. Orders received prior to 4:00 PM ET will be processed the same day.

2. SOFTWARE PRODUCTS. All software Products delivered by Honeywell to Buyer, including, without limitation, SaaS and PaaS licenses or Products that have embedded software (collectively, "**Software**") are not sold and are subject to separate software license terms provided by Honeywell with such Software. In no event shall Buyer have any right to (or authorize or allow any third party to) distribute, sell, lend, rent, transfer, or convey the Software; grant any sublicense, lease, or other rights in the Software; decompile, disassemble, reverse engineer, or otherwise attempt to reconstruct, identify, or discover any source code, underlying user interface architecture or techniques, or algorithms of the Software by any means; or take any action that would cause the Software or any portion of it to be placed in the public domain. In the event of a conflict between the terms of any Software license terms provided upon download or purchase and this Agreement, the relevant license terms shall control solely with respect to Software.

3. PRICING.

a. Prices, terms, conditions, and Product or Service specifications are subject to change without notice; provided, however, that Honeywell will endeavor to provide at least thirty (30) days' written notice of any changes. Pricing is subject to immediate change upon announcement of Product discontinuance.

b. Honeywell reserves the right to monitor Buyer's Orders during the period between notification of and the effective date of any price increase, if any. If the volume of Buyer's Product Orders during that time period is two percent (2%) higher or lower than forecasted or historic purchases over the prior twelve (12) months, Honeywell reserves the

right to charge the increased price on the excess Products, or, in the case of fewer purchases, to charge the increased price on the entire Order. For Orders placed but not yet delivered, including Orders on backlogged or with long lead-times of twelve (12) months or longer, prices are subject to adjustment in Honeywell's sole discretion once during each sixty (60) day period following the Order date until such Order is delivered in full.

c. All Orders with price deviations or promotional pricing require the appropriate promotion or deviation code (competitive price request code correlating to the approved discount from a discount agreement with Honeywell). Any Orders with price discrepancies that do not contain a promotion or price deviation code will receive a price discrepancy notice from Honeywell Customer Service for resolution. Buyer has 48 hours to provide an updated Order or accept Honeywell's pricing (in writing); otherwise, the Order will be cancelled. Please refer to the Honeywell Price List (or consult your Honeywell representative for your specific codes).

4. SURCHARGES.

a. Honeywell may, from time to time and in its sole discretion, issue surcharges on Orders in order to mitigate and/or recover increased operating costs arising from or related to: (a) foreign currency exchange variation; (b) increased cost of third-party content, labor and materials; (c) impact of duties, tariffs, and other government actions; and (d) increases in freight, labor, material or component costs, and increased costs due to inflation (collectively, "Economic Surcharges"). Economic Surcharge shall not exceed 15% from the total Order value. Such Economic Surcharge does not apply if the Order is to be delivered upon within four (4) weeks after the Order has become binding.

b. Honeywell will invoice Buyer, through a revised or separate invoice, and Buyer agrees to pay for the Economic Surcharges pursuant to the standard payment terms in this Agreement. If a dispute arises with respect to Economic Surcharges, and that dispute remains open for more than fifteen (15) days, Honeywell may, in its sole discretion, withhold performance and future shipments or combine any other rights and remedies as may be provided under this Agreement or permitted by law until the dispute is resolved.

c. The terms of this section shall prevail in the event of inconsistency with any other terms in this Agreement. Any Economic Surcharges, as well as the timing, effectiveness, and method of determination thereof, will be separate from and in addition to any changes to pricing that are affected by any other provisions in this Agreement.

5. ORDER MODIFICATIONS. Buyer may request add-ons or changes to quantities in an Order within 24 hours of Order placement (or later in Honeywell's sole discretion), provided that the Order is open and not in a shipping status or closed, and subject in full to (i) Honeywell's right to accept or reject such request in its sole discretion, and (ii) any price or schedule modification that may be required by the change request, as determined by Honeywell in its sole discretion.

6. MINIMUM ORDER QUANTITIES & MANUAL ORDER RESTRICTIONS. Depending on Buyer's local region and the Products being purchased, Honeywell may impose a minimum order value and processing fees for orders below that threshold. Honeywell may also charge processing fees for orders placed manually and not through its ecommerce website.

7. DELIVERY/SHIPPING TERMS.

a. **Delivery Liability.** Delivery and shipment dates for Products are estimates only. Deliveries may be made in partial shipments. Honeywell and its affiliated entities are not liable, either directly or indirectly, for delays of carriers or delays in connection with any Force Majeure Event (as defined in Section 27 below), and the estimated delivery date shall be extended accordingly. Honeywell will not be liable to Buyer or any third party for any damages or penalties whatsoever, whether direct, indirect, special or consequential (including, without limitation, liquidated damages in your contracts with your Customers), resulting from Honeywell's failure to perform or its delay in performing, unless otherwise agreed in a signed writing by an authorized representative. Buyer is, however, liable for any delays or increased costs incurred by Honeywell caused by Buyer's acts or omissions. This includes, but is not limited to, Buyer being billed for any costs Honeywell incurs for redirecting shipments due to any incorrect information or address you or your representatives provide.

b. Delivery Charges. Delivery terms for Products (excluding software and services) are EX Works (EXW Incoterms 2020) Honeywell's point of shipment ("**Honeywell Dock**") for all shipments (except that Honeywell is responsible for obtaining any export license). For shipments from a Honeywell Dock to a Buyer location within the same country, the import/export provisions of the INCOTERMS do not apply. Buyer will be invoiced for all shipping, handling, customs, insurance, and similar charges incurred by Honeywell in shipping Products to Buyer, and Buyer shall pay such charges pursuant to the agreed-upon payment terms. Honeywell reserves the right to ship Products to Buyer freight collect.

c. Early Delivery & Future Delivery. Honeywell will schedule delivery in accordance with its standard lead times unless the Order states a later delivery date or the parties otherwise agree in writing. Orders will be accepted with a future ship date of up to twelve (12) months from the date of order entry, unless otherwise agreed to by the parties. Honeywell reserves the right to ship orders earlier than scheduled delivery dates. Early shipments will be processed using the same method and carrier identified in the order. You may Opt-Out of this Early Delivery. Send your formal written Opt-Out request to the attention of the relevant Honeywell Customer Service Manager.

d. Risk of Loss. Risk of loss or damage to the Products (excluding software and services) passes to Buyer when Honeywell places the Products at Buyer's disposal at the Honeywell Dock ("**Delivery**"). Title to goods passes to Buyer upon Delivery, but Honeywell retains a security interest in such goods until full payment is received. Honeywell will schedule Delivery (and use commercially reasonable efforts to ship) in accordance with its standard lead time unless Buyer's Order requests a later delivery date, or Honeywell agrees in writing to an earlier delivery date.

8. CUSTOM ORDERS. Special or custom Orders ("**Custom Orders**") for products not listed in Honeywell's standard price list are non-cancelable. In the event of a cancellation of all or part of certain Orders, Buyer will be responsible for the full order. It will be shipped and billed accordingly. Custom Orders may also be subject to different minimum order quantities.

9. PRODUCT CHANGES & DISCONTINUANCE. Manufacturer has a policy of product improvement and reserves the right to change or discontinue any Product at any time. Honeywell may, at its sole discretion, also make such changes to Products previously delivered to Buyer. Where products have been discontinued, Buyer should consult Honeywell regarding availability of replacement parts, repairs, and associated charges.

10. CANCELLATIONS. All custom, special, or made-to-order Orders, Orders for third-party products, and Orders placed after notice of product discontinuance are non-cancelable and nonreturnable. In no event may an Order be cancelled where the order is in a shipping status, closed, or where the raw materials for Products have been committed to at the factory or with a vendor. Honeywell may cancel Orders at any time prior to shipment.

11. PAYMENT.

a. Invoices. Unless Company has been approved for credit terms by Honeywell, payment for all orders will be made at the time of order placement. To the extent Buyer has been approved for credit terms, Honeywell will invoice Buyer for Products sold to Buyer upon shipment, with partial shipments being invoiced as they are shipped. If Buyer is purchasing Software Products, Honeywell will invoice Buyer according to the terms of the relevant software agreement with Honeywell.

b. Payment. Subject to Section 11(a) or any separate, written agreement Buyer may have with Honeywell, payment is due thirty (30) calendar days from date of any invoice and must be made in U.S. currency, unless agreed otherwise in writing signed by the parties' authorized representatives. Payments must be accompanied by remittance detail containing at a minimum the invoice number and amount paid per invoice ("**Remittance Information**"). Honeywell reserves the right to (i) invoice Buyer a service fee in the amount of \$500 for each occurrence for its failure to include the Remittance Information, and (ii) apply any payment made by Buyer without Remittance Information against any Buyer invoice(s) outstanding in its sole discretion.

c. Payment Disputes. Any disputes must be provided to Honeywell as soon as possible and must be accompanied by detailed supporting information. Disputes as to invoices are deemed waived fifteen (15) days following

the invoice date. In the event that any portion of an invoice is undisputed, such undisputed amount must be paid by no later than the invoice due date.

d. Remedies for Nonpayment. If Buyer is delinquent in its payment obligation to Honeywell, Honeywell may refuse to take any additional Orders from Buyer and/or withhold performance until all delinquent amounts and late charges are paid. Honeywell may also, at its option: (a) repossess Products for which payment has not been made; (b) impose a late charge on delinquent amounts at the lower of 1.5% per month or the maximum rate permitted by law, for each full or partial month in which payment is overdue; (c) recover all costs of collection, including but not limited to reasonable attorneys' fees; (d) withhold any amounts payable to Buyer (including any applicable rebate payments); and (e) combine any of the above rights and remedies as may be permitted by applicable law. In the event an invoice (i) is not disputed in a timely and good faith, and (ii) has not been timely paid by Buyer in accordance with this Section, the purchases to which such invoice relates shall be deemed disqualified from any benefits under any program that Honeywell may make available from time to time (including, without limitation, co-op funds, rebates, and other growth-based incentives). These remedies are in addition to all other remedies available at law or in equity. This Section will survive expiration or any termination of the Agreement.

e. Modification of Credit Terms. Honeywell may reevaluate Buyer's credit standing at all times. If payment is not made timely or Honeywell reasonably determines in its sole discretion that Buyer fails to qualify for the above payment terms at any time, then Honeywell may without notice to Buyer suspend production, shipment, or delivery; modify or withdraw credit terms, including but not limited to requiring advance payment or guarantees, or other security; or terminate any program or other benefits.

f. Assignment of Receivables. Honeywell may assign its rights relating to payment for sales made under this Agreement without Buyer's consent and notwithstanding any confidentiality obligations and may provide any purchaser of any such rights information and documents reasonably related to such sales, provided such purchaser has a confidentiality agreement in place with Honeywell that precludes disclosure of any Buyer confidential information to any third party without Buyer's consent.

g. Credit Card Payments. Credit Card payments will only be accepted on orders placed online. Online orders may not be modified once submitted. In the event there is credit due back to you in connection with any order paid by credit card, the credit will be posted to your account only. No credit will be issued back to the credit card. Pre-payment or prompt payment discounts are not applied to orders paid by credit card. Credit card payments will be accepted when applied to the entire amount due on an order; partial payment of orders by credit card will not be processed. Payments by credit card have at least a seven (7) day authorization period, meaning that after order is cancelled, the payment will remain pending on the credit card account for the authorization period. Contact your credit card provider for details of your authorization period. If your credit card has to be reauthorized for any reason after an order is submitted, you will be charged additional fees. Only United States credit cards are accepted.

12. SET OFF. Neither Buyer nor its affiliated entities (nor any representative or agent thereof) shall attempt to set off or recoup any invoiced amounts or any portion thereof against other amounts that are due or may become due from Honeywell, its parent, affiliates, subsidiaries or other legal entities, business divisions, or units.

13. TAXES. Honeywell's pricing excludes all taxes (including but not limited to sales, use, excise, value-added, and other similar taxes), tariffs and duties (including, but not limited to, amounts imposed upon the Product(s) or bill of material thereof under any Trade Act, including, but not limited to, the Trade Expansion Act, section 232 and the Trade Act of 1974, section 301) and charges (collectively "**Taxes**"). Buyer will pay all Taxes resulting from the Agreement or Honeywell's performance under the Agreement, whether imposed, levied, collected, withheld, or assessed now or later. If Honeywell is required to impose, levy, collect, withhold, or assess any Taxes on any transaction under the Agreement, then in addition to the purchase price, Honeywell will invoice Buyer for such Taxes unless, at the time of Order placement, Buyer furnishes Honeywell with a valid exemption certificate or other documentation sufficient to verify exemption from the Taxes, including, but not limited to, a direct pay permit. If any Taxes are required to be withheld from amounts paid or payable to Honeywell under this Agreement, (i) the amount due to Honeywell will be increased so that the amount Honeywell receives, net of the Taxes withheld, equals the amount Honeywell would have received had no Taxes been required to be withheld, (ii) Buyer will withhold the required amount of Taxes and pay such Taxes on behalf of Honeywell to the relevant taxing authority in accordance with applicable law, and (iii) Buyer will forward proof of such withholding sufficient to establish the withholding amount and recipient to Honeywell within sixty (60) days

of payment. In no event will Honeywell be liable for Taxes paid or payable by Buyer. This Section will survive expiration or termination of the Agreement.

14. LIMITED WARRANTY. BUYER'S EXCLUSIVE REMEDIES AND HONEYWELL'S SOLE LIABILITY AS TO ANY WARRANTY CLAIM ON ANY PRODUCT SOLD IN CONNECTION WITH THIS AGREEMENT IS AS SET FORTH IN THIS SECTION. SUCH REMEDIES ARE IN LIEU OF ANY OTHER LIABILITY OR OBLIGATION OF HONEYWELL, INCLUDING WITHOUT LIMITATION ANY LIABILITY OR OBLIGATION FOR DAMAGE, LOSS, OR INJURY (WHETHER DIRECT, INDIRECT, EXEMPLARY, SPECIAL, CONSEQUENTIAL, PUNITIVE OR INCIDENTAL) ARISING OUT OF OR IN CONNECTION WITH THE DELIVERY, USE, OR PERFORMANCE OF THE PRODUCTS. Honeywell will not be responsible for any compromise, settlement, attorneys' fees, expenses, damages, or costs incurred by Buyer without Honeywell's involvement and prior, written consent. Further, Honeywell may cease shipping Products it believes may be subject to a claim of infringement without being in breach of the Agreement. This Section shall be subject to Honeywell's rights under Section 20 (Limitation of Liability). 3. Warranty

Honeywell guarantees MORLEY and System Sensor detectors against all manufacturing faults or hidden defects for a period of three (3) years from date of manufacture.

All other equipment (Fire Control Panels and derivatives) and cleaned detectors are also guaranteed against manufacturing faults and hidden defects for a period of one (1) year from the date of manufacture.

Products that have no production date stamp have a warranty of one (1) year from date of original purchase by the customer unless the installation or catalogue datasheet sets for a shorter period, in which case the shorter period will be applied.

For most products, Honeywell carries the warranty against the date of manufacture.

For these products, the period and location of manufacturing can be established by the date code label on the base of the device as in the following example:

Example of a date code label

20	42	T
Year	Week	Trieste (IT)

4. Returning material policy

a. Return for repair (RMAR procedure)

The following guidelines must be followed when returning defective products to Honeywell.

A return authorization number has to be requested by using the standard RMAR form.

Please send requests per email to repair.hls@honeywell.com.

On receipt of the request, a first evaluation will be done by the Honeywell Technical Service, Honeywell reserves the right to accept or refuse the repair. In case the return is accepted, an RMAR number will be attributed and the customer can return the (defective) components or detectors/modules to the address mentioned below.

A copy of the RMAR form must be added to the shipped parcel. All returns for repair within warranty period will be first inspected to evaluate product failure. If product failure was not due to manufacturer's defect in material or workmanship, repair will not be covered under warranty, and automatically changed to a chargeable repair. All returned goods are automatically tested for diagnostic. If no problem is detected, the product will be returned to the customer, a checkup and testing fee will be invoiced.

When you return material, please use the original carton containing packaging inserts.

All returns for credit are subject to inspection and testing in our premises before actual determination is made to allow credit.

Any item returned for credit which is out of warranty will be refused for credit. All material that doesn't comply with conditions for credit will be returned. See also RETURN OR EXCHANGE OF GOODS § above.

- after the quality check, a green sticker mentioning the date of revision is put on the detector

First, contact the local customer service to obtain the RMA Factory Revision form. They will assist you to fill in the form with the required information (your reference, model and type of the detectors and quantities).
